

3 NEW POSITIONS

HIRE MANAGER QUEENSTOWN & TIMARU

Central Machine Hire is rapidly expanding its Hire operations in the South Island and has just opened a new branch in Queenstown and in early 2025 will also commence operations from Timaru.

We are now seeking Hire Managers to be based from both these locations.

We are seeking experienced civil construction or hire industry professionals with local knowledge and regional experience whom have a sound knowledge of heavy equipment and the local contracting scene.

We are a service-based business with a top fleet of equipment across the civil earthmoving industry specialising in machines of all classes from 2 tonnes to 50 tonnes and we seek a person that can provide expert service with a pleasant can-do attitude.

We also hire trucks with payloads from 3 to 11 tonnes so an HT licence is a requirement along with WTR. Good computer skills are also required as our fleet is fully controlled and managed using the latest tech.

TIMARU BRANCH will be supported from both Dunedin and Christchurch and its territory will include Oamaru to Ashburton, the Waitaki Valley and the Mackenzie Country.

QUEENSTOWN BRANCH is supported by both Cromwell and Wanaka and its territory runs from the Wakatipu basin to Glenorchy and down to Northern Southland.

Both positions come with a company vehicle, a great remuneration package as well as wider inter-company benefits.

If you are considering a change in 2025 and desire to work for a very progressive group of companies, then this could be the perfect position for you.

HIRE ASSISTANT CROMWELL

Based out of Cromwell this can be a part or full-time position to assist our general operations.

The position involves machinery and truck preparation and de-hire of machines and includes assisting our service department with maintenance.

An HT licence would be an advantage and this position could suit an energetic young person starting out in the industry through to a semi-retired person wishing to remain involved in the work force.

Applications for all 3 positions to Shane Heselwood shane@cmhltd.co.nz, please send us your CV and any relevant information. Applications close 20th December 2024.
